

Multi-purpose cushions

The multi-purpose cushion from Kaldewei provides triple comfort. When used to support the feet or placed under the thighs they prevent the bather slipping down into the water in large baths, as a neck rest they cushion the head and neck, and when mounted as arm rests on the inside of the bath they provide extra support for the arms.

2-piece set, available in grey or white

Dimensions: 350 mm x 120mm x 45 mm, 5 suction pads on the rear provide a firm grip, embossed logo on the rear

Material: polyurethane, INC coated, 15-20A Shore (degree of hardness), suitable for all Kaldewei bathtubs
